February 16, 2023

Dear Healthcare Provider,

I am writing to provide an important update about Intralipid®. Fresenius Kabi has proudly manufactured and distributed Intralipid outside of the United States for decades. In the United States, Fresenius Kabi relies on Baxter to distribute Intralipid. Currently, there are no manufacturing disruptions or shortages. To be clear:

- Fresenius Kabi has ample capacity to supply Intralipid for the US market; and
- We have supplied Baxter's current orders for Intralipid.

If you are having problems obtaining Intralipid, please contact your distribution partner or your Baxter representative directly. If you are still unable to resolve your Intralipid supply issues with their assistance, please contact us at [nutrition.us@fresenius-kabi.com](mailto:nutrition.us@fresenius-kabi.com).

Fresenius Kabi is fully committed to providing a smooth, uninterrupted supply as the distribution of Intralipid transitions back to Fresenius Kabi. Baxter's distribution rights will expire on November 20, 2023.

We will keep you informed as more details about the transition become available in the coming months.

Respectfully,

A handwritten signature in blue ink that reads 'Pete M. Allen'.

Pete Allen  
Senior Vice President, IV Therapy  
Fresenius Kabi USA, LLC
