Subject: Abbott Inventory Update: Nutrition Products

Abbott continuously reviews our inventory to provide customers with the most up-to-date and accurate product availability information as possible. The table below lists products that are currently low in inventory. We apologize for the current inventory position and are doing everything we can to address the situation.

The table below provides suggested alternatives to meet the nutritional needs of your patients if you find that the item is not currently available through your distribution channel. Healthcare professionals should determine the best alternative product and transition plan for patients.

Adult Institutional Item	Item #	Est. Recovery Date	Alternative Options	Item #
Ensure Clear 8oz ARC	64900 (MB), 64903 (A)	APR	N/A

The use of tube feeding products must be determined by the healthcare professional. When patients need to change to a new formula, please work with that patient's healthcare professional to determine the best alternative product and transition plan.

We are also pleased to inform you of these previous low inventory items that are recovered and available to order:

- Ensure HP Vanilla Pudding (**#68589**)
- Ensure HP Chocolate Pudding (**#68591**)
- Ensure Pre-Surgery 10oz Bottle 12ct (**#65044**)
- Ensure Pre-Surgery 10oz Bottle 4-4ct (**#66437**)
- Pivot 1.5 Cal 8oz ARC (**#65007**)

Additionally, the table below provides items that have been deprioritized and will experience long-term out of stock disruptions. Healthcare professionals should determine the best alternative product and transition plan for patients.
