

January 20, 2023

Dear Valued Customer,

For more than two decades, Baxter has been the proud distributor of Intralipid 20% (Intravenous Fat Emulsion) as identified below (“Intralipid Products”), which are manufactured by Fresenius Kabi (“FK”). Baxter will remain the exclusive distributor of Intralipid within the United States and its territories until the end of November 2023.

The Intralipid Products and applicable codes are listed below:

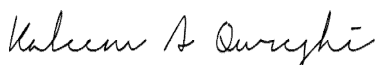

Product Description	Product Code	National Drug Code
INTRALIPID, 20% IV Fat Emulsion, 100 mL	2B6061	0338-0519-58
INTRALIPID, 20% IV Fat Emulsion, 250 mL	2B6062	0338-0519-09
INTRALIPID, 20% IV Fat Emulsion, 500 mL	2B6063	0338-0519-13
INTRALIPID, 20% IV Fat Emulsion, 1000 mL	2B6064	0338-0519-14
INTRALIPID, 30% IV Fat Emulsion, 500 mL	2B6065	0338-0520-13

Beginning November 21, 2023, Baxter will no longer distribute the Intralipid Products. We recognize that this change may impact how you utilize parenteral nutrition (“PN”) and are sending this letter to ensure that you have sufficient time to prepare your PN protocols for this change. In recent years, Baxter also has focused on advances in science to develop and bring an alternative, FDA-approved lipid emulsion to the market. Baxter manufactures and distributes Clinolipid 20% (Lipid Injectable Emulsion), an olive-oil based lipid emulsion, which is available in the following presentations. You can learn more about Clinolipid by clicking [here](#), or by visiting us at [usnutrition.baxter.com](http://usnutrition.baxter.com).

Product Description	Product Code	National Drug Code
CLINOLIPID, 20% Lipid Injectable Emulsion, 100mL	EADB9520	0338-9540-01
CLINOLIPID, 20% Lipid Injectable Emulsion, 250mL	EADB9521	0338-9540-02
CLINOLIPID, 20% Lipid Injectable Emulsion, 500mL	EADB9523	0338-9540-03
CLINOLIPID, 20% Lipid Injectable Emulsion, 1000mL	EADB9524	0338-9540-04

We remain committed to sharing important information with you early and transparently. Should you have any questions regarding this information, please contact your Baxter Nutrition Specialist.
