

April 22, 2021

Dear Valued Customer,

In previous months, Baxter has maintained a protective allocation on Amino Acids due to heightened demand. During that time, we worked on increasing production and shortening supply timelines. With success in these areas, we are pleased to inform you that we have removed all allocations on our Amino Acids. The following Amino Acids are available to order today.

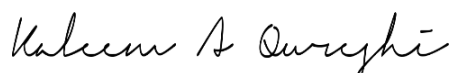

Table A | Available Amino Acids

CODE	NDC	DESCRIPTION
1B6623	0338-0644-03	10% TRAVASOL (AMINO ACID) INJ.
1B6624	0338-0644-04	10% TRAVASOL (AMINO ACID) INJ W/O ELECTROLYTES
1B6626P	0338-0644-06	10% TRAVASOL (AMINO ACID) INJ W/O ELECTROLYTES
2B0009	0338-1130-04	10% PREMASOL SULFITE FREE AMINO ACID INJECTION 1000ML
2B0010	0338-1130-06	10% PREMASOL SULFITE FREE AMINO ACID INJECTION 2000ML

2B6186	0338-0499-06	20% PROSOL SULFITE FREE (AMINO ACID) INJECTION

If you have questions, please contact your Baxter representative or the Center for Service at 1-800-229-0001. If you prefer to manage your orders electronically, we encourage you to establish a Baxter eServices account on our [eServices Center Registration Page](#).

We understand the importance of supply continuity and the impact this has on your ability to care for your patients, and therefore are committed to transparently and proactively communicating any changes in supply with you. To ensure you have the information you need to plan patient care, please visit the [Supply Resources](#) page on our website (<https://ushospitalproducts.baxter.com/baxter-supply-resources>) and download our Supply Availability Report to access the latest information on product supply.

Sincerely,

Kaleem A Qureshi
Director, Marketing
