

November 8, 2022

Dear Valued Customer,

We are pleased to announce that specific codes of the **bulk presentation of INFUVITE Multivitamin for Infusion are now available to order** in limited quantities. We are excited to reach this important milestone in our journey towards normalized supply.

Effective the date of this letter, INFUVITE allocations will be **reset based on your historic usage of each presentation**. The new allocation limits in the table below are based on your historic average monthly purchases of single and/or bulk vitamins respectively, during the period covering June through November 2020. This approach enables an equitable return to normal usage. We expect that supply availability of INFUVITE will continue to improve.

Product Description	Product Code	NDC	Allocation

If you purchase through a wholesaler, consider that it may take them several weeks to re-stock these newly available codes in their distribution network, and that the application of the allocation limits shown above may vary by wholesaler.

For your reference, ASPEN's "2021 Parenteral Nutrition Multivitamin Product Shortage Considerations" document, approved by the Clinical Practice Committee and ASPEN Board of Directors, has been developed to assist clinicians in addressing PN shortages for their patients. The document can be accessed at www.nutritioncare.org or by clicking [HERE](#).

We recognize the importance of supply continuity in patient care and are committed to transparently and proactively communicating any changes in supply to you. In the meantime, to ensure you have the information you need readily available, please visit the [Supply Resources](https://ushospitalproducts.baxter.com/baxter-supply-resources) page (https://ushospitalproducts.baxter.com/baxter-supply-resources) on our website and download our Supply Availability Report to access the latest information on product supply. Please contact your Baxter representative or the Center for Service at 1-800-229-0001 with any questions.

Sincerely,
